

STEP 4: ASK YOUR ACADEMIC ADVISER TO APPROVE YOUR COURSES

You may now need to get the approval of your Academic Adviser – check the requirements with your Study Abroad Office. To save yourself time make sure you select a range of courses - that way you'll have some back ups if your first choices aren't suitable. Provide your Adviser with as much information as possible about the courses you want to take. Print descriptions off the Internet! – A title is NEVER enough!
